67 LARGE CONTRACTS

MORE THAN 350 MEDIUM TO LARGE PROJECTS

Welcome to Profloorz

We are delighted to be part of a thriving cosmopol, leading the world with best practices in city planning , protecting heritage and creating a footprint of world class architecture and design in living spaces.

Profloorz was incorporated in 2012, with a clarity of purpose to engage with Architects, Designers, Construction giants and Builders for introducing groups flooring products into the realm of design.

The Pro Team is geared to go regional form its Head Office at Excalibur Centre - UBI with Design, Operations, Finance and Management. Profloorz has its 16000 sqft Fulfillment Center at Teehai - Tampines Logistic Hub for prompt deliveries to the Singapore Market and to cater for regional projects from its facilities.

Profloorz is adapting continuously to the pulse of changing industry trends using its international presence, creative talent, in-house manufacturing capabilities to deliver exacting standards demanded by end customers.

Overall impact of PRO-products in any floor space is a kin to grammar in the Language of Design. The main goal is to incubate products and brands of distinction to initially launch them in The ASEAN region.

A warm Welcome to our offices and showrooms in Singapore.

Our Company

Profloorz launched in Singapore, Malaysia and Indonesia in July 2014 with several projects completed within a year including Hotels, sections of Airports, Offices, Restaurants and homes alongwith many other living spaces. With decades of experience in flooring and lifestyles industry, the core management team is ready with knowledge, skills and dedication to delight customers with excellence being the key operative word in performance.

Profloorz selection of collections is a unique blend of Arts and Sciences. A lot of emphasis is given in choosing partnerships with clear Green footprint in production and materials used. Top Manufacturers from the world were invited to participate in the growth story of Profloorz and brands were introduced to the region keeping in view their contribution to environment.

Profloorz created verticals to approach the markets for clarity with top brands representing each application based vertical.

All Products from Profloorz are meant to perform and correct match of products to applications is the key to a satisfied customer. Latest marketing tools along with specialist sales team are making an impact in the market place and it is the intention of this team to be a leading supplier of FLOORING lines. Our technical Staff will assist in extending knowledge transfer and ensure that the customers are delighted with the product, its performance and our services.

Profloorz intends to provide holistic view in design to complete it with a Beautiful Floor. We present to you our ever expanding ranges with introduction of Wall to Wall collections in Singapore market which measure up with the best there is in the world.
